Ionic Hair Dryer with Hair Dryer Diffuser

The Perfect Hair Switch

Cuts drying time

Minimizes heat damage

Turbo speed airflow

Maximizes shine

Your Perfect Style, Only One Button Away

Your Xtava Double Shine Ionic Blow Dryer comes with a one-of-a-kind secret button to help give you a style boost. Pushing the “P” button on your hair dryer will activate the “Perfect Hair” setting. The Perfect Hair setting delivers a medium heat with turbo-speed airflow and ions to maximize drying and shine, while minimizing frizz and heat damage. It’s the perfect setting for daily styling or when you’re short on time. When the Perfect Hair setting is activated, all other heat and airflow settings will be disabled, so when you’re ready to customize your settings again, be sure to slide the “P” button again to deactivate it.

What Are Ions Anyway?

Ions are chemical charges that are positive or negative; think of a battery with positive and negative ends. The water in your hair has a positive charge and the Xtava Double Shine Ionic hair dryer emits negative ions. **The negative ions from the hair dryer propel the positive ions in your wet hair to divide into smaller particles that then can be dried faster.** With dual ion capabilities, you get double the power.

Xtava's Double Shine Ionic Blow Dryers has two ion settings, so you can customize your ion flow to deliver the look you want. Use the "0" setting for a lower ion flow to deliver more texture and volume or bump up to the "1" setting for more ion power to achieve a sleek and silky blowout.

Customize Your Heat

You might know how to customize the heat when you curl or straighten your hair, but did you know that you should change the heat on your blow dryer as well? It's important to only use the high heat setting if your hair is soaking wet and/or very thick and coarse. If your hair is damp, thin, or fine, stick with a low heat setting. Harsh heat on damp hair won't get the job done and will add unnecessary damage to your hair. And don't forget, Xtava makes choosing your perfect heat easy--just hit that "P" to activate the Perfect Hair Switch.

- 1 - Low heat setting for thin, fragile, or damaged hair.
- 2 - Medium heat setting for medium-thickness or wavy hair
- 3 - High heat setting for thick or natural hair

Cool Shot Callout

Heat isn't the only styling tool at your disposal—Xtava's Double Shine Ionic Hair Dryer also features a Cool Shot button that delivers a blast of cold air when activated. A shot of cool air will set your hairstyle, maximize shine, and reduce frizz. Use at the end of styling to set your look—**just don't forget to unlock it back to regular air when you're done.**

Don't Forget Your Hair Diffuser

With all the features your Xtava Double Shine Ionic Blow Dryer comes with, you might overlook one important feature: the included Hair Dryer diffuser. The diffuser is perfectly matched to fit and perfectly designed to give your curls the boost they need to look their best. Use the diffuser when you want to enhance your hair's natural curls and the concentrator nozzle for a smooth, voluminous blowout. ***Our Black Orchid Diffuser does not fit these hair dryers.**

Protect Your Hair From Heat Damage

Be sure to protect your hair against heat damage with Xtava's Heat Protectant Spray every time you style. Not only does our heat protectant coat your hair with a lightweight layer of protection, but it also repairs hair from the inside-out with **broccoli seed** and **Brazilian pequi oils** to replenish moisture, restore shine, and infuse essential nutrients.

★★★★★ Beautiful Hair Dryer and Beautiful Hair!

July 19, 2017

Size: Hair Dryer, Diffuser & Brush | **Verified Purchase**

I love this hair dryer!!!! It is beautiful and I makes my hair beautiful. I have super thick, super curly hair, and it makes my curls beautiful and shiny. It definitely cuts down on the frizz. This hair dryer has made a huge difference in the quality of my hair. Now when I am in a hurry and don't have the time to dry my thick hair on low, I can crank it up, and my hair doesn't suffer like it used to with other hair dryers. It still comes out looking good! I love the perfect hair setting, and that is what I keep the hair dryer on most of the time. If you are a curly girl, stop thinking about it and just get this hair dryer!

★★★★★ This makes such a great duo and a perfect gift. It looks and performs as a very high-end hair tool set!

February 2, 2017

Size: Dryer & Flat Iron | **Verified Purchase**

This set is incredible!!! I love the hairdryer! This has all sorts of heat and ion settings! It even has the cool setting which is great for setting a curl and also for littles who can't handle heat. This thing is so durable. Although it looks sleek and luxurious, it is totally rugged! My daughter literally manages to drop her dryer every single day. She is a major clutz. It hasn't cracked or stopped working at all. All of the buttons are intact. The cord is thick and sturdy as well as long. LOVE! The titanium flat iron is great too! It provides smooth, shiny, straight tresses without burning my very fine fair. I use the setting of 340 and it is perfect for me! The packaging is gorgeous. This makes such a great duo and a perfect gift. It looks and performs as a very high-end hair tool set! I am soooo thrilled with xtava! I have recommended this to all of my friends and also to the amazon community. Enjoy!

★★★★★ **this is a great hair dryer**

March 8, 2017

Size: Hair Dryer & Diffuser | **Verified Purchase**

this is a great hair dryer. I was looking for one to go in my guest bathroom and have had nothing but compliments on it since. the attachments are easy to attach and aren't too big and bulky, like some others i have had in the past, making it easy to store in the bathroom vanity drawer. definitely a good find.

Size: Dryer & Flat Iron | **Verified Purchase**

This combo is EVERYTHING! When I was searching around I came across this and I couldn't believe how cheap it was so I had to try. I am so glad I did! They work so much better than my other ones that were really pricy. I will be looking at other items from this seller!

★☆☆☆☆ 😞😞☐😞 **Terrible, confusing hair dryer!!!**

January 10, 2018

Size: Hair Dryer & Diffuser | **Verified Purchase**

I ordered this hair dryer initially as a birthday gift for my mother. It came a day late so I decided to see how well it performed before giving it to her. I am so glad I did bc there was zero heat blowing & the different buttons are not labeled to show what functions they control. Seriously disappointed in this dryer. It's very pretty but as the saying goes "looks are deceiving"!!

After attempting to dry my own hair n being totally let down on its performance I reverted back to old trusty, Infinity hair dryer n had my hair done in Abt 3mins.

Moral of the story is look elsewhere for a nice hair dryer bc this isn't what you want!! If you're looking for a dryer go w the Conair Infinity hair dryer it's a great hair dryer & total bang for your buck as well.

Gets the one star only for appearance, zero for performance.

★★★★★ **Great performance, Hot air, Awesome packaging, Nice Features!**

March 13, 2017

Size: Hair Dryer & Diffuser | **Verified Purchase**

We've had this Hair Dryer for a month and its working great. Great features and settings. If you read reviews about cold air, they might have accidentally pushed the cool air button without knowing. It took a couple of minutes but we figured out most of the options.

This hair dryer looks and feels well built. Great packaging!! This hair dryer works better than our previous more expensive models. The sound is comparable to most hair dryers.

Overall this is a great hair dryer.

★★★★★ **Good Value**

February 26, 2017

Size: Hair Dryer & Diffuser | **Verified Purchase**

I really like this blow dryer, and it's really pretty. The rose gold accent is such a nice touch. I also like the fact that the back side where the vent is, is metal. The only negative (and I think I would run into this issue with any hair dryer because my hair is super long) is that occasionally my hair will get sucked into the back where the vent is and pull (only stray hairs, not large groups). It arrived on time and as pictured. No complaints other than listed above! Regardless, I'm happy with it and do not regret purchasing it!

★★★★★ **Lot's of options**

March 1, 2017

Size: Hair Dryer & Diffuser | **Verified Purchase**

This is a nice hair dryer. It has a lot of options, so whatever you need, you can get it. It could be confusing, so I just suggest you read through the manual and figure out what works best for you. You can adapt the flow of the air (weak to strong) and heat settings, plus there are also some options for the ion switch (makes it shiny). I have 3 daughters,

all with different hair so having options is great. And, best of all for my family with natural African American hair, it has a diffuser attachment to keep the coils in order. One last note, I love the matte finish on the dryer, it makes it feel classy.
